ANTI-BRITISH PROVOCATIONS MOUNT THROUGHOUT OCCUPIED CHINA

Britons Are Refugees In Shansi; Shanghai Incident Brings Protest

PEIPING, July 30 (REUTER)—PRACTICALLY ALL BRITISH MISSIONARIES HAVE BEEN DRIVEN OUT OF SHANSI, though the fate of a few in South Shansi is unknown, as they have not been heard of since the anti-British campaign assumed its present intense form.

Sixteen British missionaries from the Baptist Hospital in Taiyuanfu, were forced to leave by the anti-British movement and are at present marooned in Shihchiachuang. Floods have completely disrupted traffic on the Peiping-Hankow railway, along which they were en route to Peiping.

The Peiping police to-day visited all Chinese shops, instructing them to remove British goods and pack them away as they would not be allowed to sell them.

It is learned that several Chinese guilds met secretly last week and passed a resolution against the boycott of British goods, stating that business was bad enough as it was and that they had notified the leaders of the anti-British campaign to this effect.

SHANGHAI PROTEST

SHANGHAI, July 30 (Reuter)—The British authorities are protesting to the Japanese against the erection of barbed-wire barricades in North Kiangse Road, off which the four Seaforth Highlanders were arrested on Saturday afternoon.

It is contended that by the erection of these barricades the Japanese are violating the British sector.

The arrest of the Seaforth Highlanders caused a panic among the Chinese inhabitants in the neighbourhood. Hundreds of them evacuated and are now homeless.

The situation was very tense before the Seaforths were released, as British reinforcements and steel-helmeted Japanese blue-jackets patrolled North Kiangse Road awaiting developments.

Earlier messages stated that Japanese bluejackets on Saturday afternoon arrested four Seaforth Highlanders who were cutting up barbed wires in an alleyway in the British sector near the northern boundary in the International Settlement.

A British army truck was also stated to have been seized. After two and a quarter hours of negotiations on the spot between British Army and Japanese naval officers, the arrested Seaforths were released.

It was stated that the Seaforths had unwittingly entered an alleyway within the Japanese-occupied area off the British defence sector.

HITLER TOURS SAAR REGION FORTIFICATIONS

BERLIN, July 30 (Reuter)—According to a communiqué, Herr Hitler and Herr Von Ribbentrop made an unexpected tour of the fortifications in the Saar region. The Reichs Fuehrer later returned to Bayreuth.

A message from Rome states that important Italian air manoeuvres in the Central Mediterranean, which lasted from Tuesday until Friday and in which 408 aircraft participated, were revealed in a communiqué.

Entire squadrons carried out bombardments with full war loads of bombs over a distance of a hundred miles from their base.

Federation Scheme For India

PUNJAB PREMIER'S PROPOSALS

SIMLA, July 30 (Reuter)—Details have just been made available of an alternative scheme for an Indian Federation, prepared by Sir Sikander Hyat Khan, Premier of the Punjab.

The scheme, which aims at the attainment of dominion status for India within twenty years, is described as an attempt to meet, as far as possible, the various criticisms of the Federation Plan as embodied in the Government of India Act.

The plan groups provinces and states into seven zones, each consisting of one or more provinces and contiguous states, and each zone would have a regional legislature, consisting of representatives of its provinces and states.

The representatives of all regional legislatures would collectively constitute a unicameral federal legislature, having the same number of members and the same proportional representation as under the existing act.

The scheme envisages direct associations of Indians from the outset with defence and foreign relations.

CHINA WAR NEWS:

SOUTH HUPEH SUCCESS: JAPANESE HONAN DRIVE MEETS STIFF RESISTANCE

PINGKIANG, HUNAN, July 30 (Central)—A Chinese force swooped down on Tingszekiao, eight miles south-west of Sianning, on the Canton-Hankow Railway in South Hupeh, and succeeded in occupying the railway station and the town on Wednesday. They systematically destroyed the railway track and bridges.

Several counter-attacks launched by the Japanese from Sianning and Fuki have been repelled by the Chinese.

LOYANG, July 30 (Central)—Reinforced by 3,000 foot soldiers, and 500 cavalry men and supported by some 70 tanks, the Japanese at Mingkiang, about 24 miles north of Siyang on the Peiping-Hankow Railway in South Honan, are driving westward with Siyang as their objective.

A part of the invaders are pushing towards Yakang, west of Mingkiang, while the rest towards Paimaochih, south-west of Mingkiang, apparently attempting to make a flanking movement. Synchronising with the movement, the Japanese at Siyang, after capturing Hwaihotien and Yuehotien, west of Siyang, are continuing their advance with Tungpei as their objective in order to support their comrades in the north.

ROYAL VISIT TO BELGIUM

LONDON, July 30 (BWS)—Arrangements are in preparation in Belgium for the state visit of King George and Queen Elizabeth to return the recent visit of King Leopold to the Court of Saint James.

Their Majesties will, it is understood, make the journey to Ostend on October 24 in a warship, proceeding by rail to Brussels, where King Leopold will greet them and drive in procession to the Royal Palace. The visit will extend over three days.

NORTHWEST FRONTIER CLASH

BANNU, NORTHWEST FRONTIER PROVINCE, July 30 (Reuter)—Rebel tribesmen to-day attacked British troops at Razmak. The latter opened fire, killing three and wounding five. About 800 yards of telephone wire were cut or removed along the Dera Ismail Khan-Bannu-Razmak roads.

South Hopei Districts Inundated

CHUNGKING, July 30 (Central)—The flood in North China is becoming more serious, according to a Tientsin message.

As a result of breaches in the dykes along the Futo River and the South Grand Canal, many districts in South Hopei are lying under water. These include Lungping, Nanho, Pinghsiang, Jenhsien, Pehsiang, and Chulu. The flood is spreading to Yungnien and Feihsiang, districts further south.

Many farms along the South Grand Canal are inundated and not a few farmers are understood to have been drowned. More than ten villages at Yangluoching, nine miles west of Tientsin, are submerged, while a vast area north of Yangtsun, 18 miles north of Tientsin, is also lying under water.

North Shantung is also threatened by a flood disaster as a result of the collapse of the dykes along the Wei River and the Grand Canal at many places.

In North Shansi Hunyuan has suffered heavy damage on account of the overflow of the Hun River.

CENTRAL HUPEH MENACED

ICHANG, July 30 (Central)—As a result of the overflow of the Han River and the Tung Ching (Continued on Back Page)

CHINESE BUS DRIVERS GIVE NOTICE

SHANGHAI, July 30 (Int'l)—About 150 bus drivers of the Sino-Japanese Bus Company to-day gave notice of their resignation, as they received a warning from Chinese guerrillas not to serve the Japanese.

BRITAIN'S FAR EAST POLICY MAY SOON FOLLOW U.S. LEAD: PRESS TONE STIFFER

Parallel Economic Action Effective; "Observer"

LONDON, July 30 (Reuter)—"It was recognized in British diplomatic quarters yesterday that the American abrogation of the commercial treaty with Japan was of the highest importance, not only in itself, but in its bearing upon the contingency of British policy which might at times be constrained to decide on a like step," declares the diplomatic correspondent of the "Observer."

The paper adds that it recognized that parallel economic weapons would be of immeasurably greater value than either one of them separately could hope to be.

While the Tientsin conference is actually in session, there can be no question of the British Government following the American example, but a later possibility in that sense has now become a factor in the Far Eastern situation and, it is surmised, may even have its effect on the Tientsin conference itself.

New Admiral Of The Fleet Appointed

LONDON, July 30 (Reuter)—Admiral Sir Dudley Pound, G.C.V.O., K.C.B., C.B., First Sea Lord, has been promoted Admiral of the Fleet to succeed Admiral Sir Ronald Tyrwhitt, who is retiring.

SIR DUDLEY POUND

The new Admiral of the Fleet, who is 62, has had a distinguished and interesting career. He was in command of H.M.S. Colossus at the Battle of Jutland in 1916; being mentioned in dispatches.

Between 1922 and 1925, he was Director of Plans Division at the Admiralty, and for the next two years was Chief of Staff to Admiral Sir Roger Keyes on the Mediterranean Station.

Promoted Rear-Admiral in 1926, he became a Lord Commissioner of the Admiralty, and Assistant Chief of the Naval Staff, and between 1929 and 1931 commanded the Battle Cruiser Squadron. He was promoted Vice-Admiral in 1930, and was Admiralty Representative on the League of Nations Advisory Commission in 1932.

He was second Sea Lord and Chief of Naval Personnel, 1932-35, and was promoted full Admiral in the latter year. After acting as Chief of Staff on the Mediterranean, he was appointed First Sea Lord.

Sir Reginald Tyrwhitt, who is 69, held various appointments and was Commander-in-Chief of the China Station, 1927-29.

"TIMES" COMMENT

LONDON, July 30 (Reuter)—The "Sunday Times," commenting on the American abrogation of the Commercial Treaty with Japan, says that it is encouraging insofar as it suggests that the United States is not prepared to stand passively by and watch the ruthless ousting of western influence in China.

"It may even provide an example which, in some circumstances, the British Government might find useful to follow," says the paper. "But it does not in itself amount to an indication that Washington would co-operate with London to uphold the Nine-Power Treaty or defend common interests which Japan have flouted."

"It would be very unwise, now as always, to attempt to read into the American action any more than was explicitly stated there," the paper concludes.

DISSENSION DENIED IN BURGOS

BURGOS, July 30 (Reuter)—"There are no two trends in Spanish politics," declared Gen. Franco's brother-in-law, Senor Sumar, Minister of Interior, in an exclusive interview.

Senor Sumar roundly rejected the reports of internal dissension, but said it was only natural that when a new state is feeling its way forward there should be incidents.

"The case of Gen. Del Llano has been settled, in the quiet, simply and smoothly. Gen. Yague, far from being arrested, is on the best terms with me," he concluded.

REYNAUD EXPLAINS NEW FINANCIAL DECREES

To Run Fastest, Stay Best In Armaments Race

PARIS, July 30 (Reuter)—"One more step on the road to the renaissance of France," was how M. Reynaud, Minister of Finance, described the new decrees in a broadcast to the nation.

He said that the problem facing France was how a people enjoying ancient humane civilization could live without fear by the side of a nation always on a war footing and made frantic by its leaders.

"We are in the armaments race despite ourselves. When you are in a race, you must be the fastest runner and the best stayer to win."

LEE WAI-TONG FOR BATAVIA

To Join S. China Touring Team

LEE WAI-TONG, captain of the China team at the last Olympic games, is to leave tomorrow for Batavia by the s.s. Tjisalak, where he will join the South China football team touring in Java. He is expected to arrive in Batavia on August 8, and may be there a day or two, earlier than the rest of the team who are due from Singapore.

The first game in Java will be played on August 10. Lee expects to be back in the Colony in three weeks' time, and will probably return by plane. His inclusion in the touring team to Java was a condition imposed by the Java promoters before they would agree to carry on negotiations for the proposed visit.

Lee Wai-tong has now finally decided to go to Java, and his reasons for making the trip are three-fold. In the first place the Chinese in Java have been clamouring now for some time for another chance to see Lee in action. It will be remembered that Lee was on a team that toured Java several seasons ago.

Also, Lee is Hon. Secretary of the Hongkong Branch of the Chinese National Amateur Athletic Federation and he will be in Java on a search for talent for the coming Olympic Games. The third reason is that Lee has agreed to play in a number of charity games towards relief work in China.

CHANNEL TUNNEL PLAN:
ANGLO-FRENCH
SECURITY MEASURE

The channel tunnel plan will be discussed in London this week at the annual congress of the International Committee of Exchanges. After many vicissitudes during the last century the project is once more to the fore.

No doubt strategic considerations will claim first attention, now as in the past. In France military opinion has so far been unanimously in favour of the tunnel.

In England military opinion has, to say the least, been divided on the subject. The Great War.

IN CASE OF WAR:

Since the strategic and tactical utility of the tunnel in case of war would depend on the ability to use it, approval of its construction would undoubtedly have to be made conditional on adequate defences.

Already the entrance to the tunnel has been made safe against any surprise attack by the prolongation of the Maginot Line to the French coast. The approaches on the English side would also have to be defended adequately.

AERIAL WARFARE:

In the last war aerial warfare was in its infancy, but in any future struggle the skies above the Channel would be one of the most intensive fields of aerial

70 m.p.h. Airships To Spot Submarines

LONDON, JULY 13 (By AIR MAIL).—THE ROYAL NAVY IS NOW ENTIRELY RESPONSIBLE FOR THE DEFENCE OF OUR COASTLINE, AND, IN CASE OF WAR, FOR THE SAFE CONDUCT OF TRANSPORT SHIPS. BEFORE THESE DUTIES WERE SHARED WITH THE ROYAL AIR FORCE.

A complete new defence scheme has been worked out providing close co-operation between ships and aeroplanes.

Submarine spotting and chasing will be most important, but it has been found that modern coastal reconnaissance machines such as the Avro Anson and large flying boats are too fast for effective work in this direction.

The Admiralty are, therefore, considering using small airships for submarine spotting and bombing around the coasts. During the war they were used in large quantities and did magnificent work.

It is considered that small airships of 100,000 to 200,000 cubic feet capacity with speeds of perhaps 70 m.p.h. would do much more effective work than coastal reconnaissance aeroplanes.

"Stand Up & Fight" Splendid Action Film At Queen's

Real "two-fisted" action has been introduced into the M.G.M. picture "Stand Up and Fight," which opened to crowded houses at all shows at the Queen's on Saturday, to make it a production which is not only outstanding for its excellent plot, but also for its splendid cast.

Robert Taylor makes the most of his first tough role and in playing opposite Wallace Beery, whose characterization of Capt. "Boss" Starley is carried out with all the necessary bluster, they make a rare combination.

Florence Rice supplies the romantic theme and the directors, in handling the production, cleverly infused humour, tragedy, adventure, action and tenderness into a gripping story.

NEW H.Q. FOR COLONY A.R.P.

Plans have been approved and construction work will soon be commenced for the building of a new Air Raid Precaution Headquarters in Hongkong. It is understood.

By the end of this year, it is learned, Hongkong will have one of the most up-to-date buildings of its kind.

The premises, which are to be erected in a site overlooking Happy Valley, will consist of quarters for A.R.P. Officers and class rooms and club-house for the training and amusement of the personnel.

The building can be equipped and turned into a first aid post in the time of actual war emergency.

NEW BACKGROUND FOR EDWARD G. ROBINSON

Tense melodrama of the attempt of an innocent prison victim to lead a new life, and of his resolute, second escape and revenge after the real criminal tricks him, "Blackmail" brings Edward G. Robinson to the screen in a characterization reminiscent of many of his former successes, but with an entirely new background.

Robinson is seen as John Ingram, former ship's mate who builds up a business as a dynamite oil well fires, but who develops a callous brutality when sent back to the horrors of the prison, and makes revenge his sole aim in life.

The part has some of the elements of those in which Robinson scored in "Little Caesar," "Five Star Final," "Silver Dollar," and "Last Gangster," his most recent previous film for Metro-Goldwyn-Mayer, but it is completely individual in setting, in development and in final rounding out.

Best Opportunity
Ruth Hussey receives her best opportunity to date as the wife who sticks by Robinson and who finds herself forced to prevent his becoming a murderer, after he has broken his promise and escaped a second time for the sake of revenge. She recently completed a role in "The Women," following appearances in the second feminine lead of Maise and the lead of "Within The Law." It was in "Rich Man, Poor Girl" that she first won attention.

Henry C. Potter, director of "Blackmail," and a stage director before he came to films, has a record of four important productions in the past two years: "Tom Sawyer," "The Shopworn Angel," "The Cowboy and The Lady" and "The Story Of Vernon And Irene Castle." "Blackmail" is his first picture under a new Metro-Goldwyn-Mayer contract.

John W. Considine, Jr., producer, established his reputation with "Boys Town," high mark of a producing career which started in 1924. Among his other recent successes are "Broadway Melody of 1936," "Of Human Hearts" and "Society Lawyer."

Gripping Melodrama
Gripping melodrama with a solid psychological approach, "Blackmail" presents a picture of a man who is forced back into the degradation and brutality of a convict gang after his attempt to lead a useful, upright life. Despite his determination that his second incarceration shall not break his spirit, he finds himself sinking to the level of the filth and despair around him, until his only purpose is to escape and win revenge.

Among the thrilling highlights of the action are the opening fight of Robinson and his helpers to dynamite a blazing well, amid hazards which may mean instant loss of life; the trickery by which Robinson, as Ingram, is turned over to the police; the operation of the road gang, shown in all its sordidness; Ingram's second hairbreadth escape and the death of his convict friend, Diggs; his firing of the oil well to lure his enemy, Ramey, there; the confession he tortures out of Ramey in the heat of the flames, and his rescue of his wife as she falls into the boiling mud while attempting to prevent her husband from committing murder.

Film Stars Have Exciting Experience

SWINEMUENDE, July 30 (Trans-ocean).—In the Baltic Sea, the German film stars, Emil Jannings, Werner Krauss and other members of a film expedition of the Tobis Company aboard the steamer "Reiter," had an exciting experience when a bomb exploded in the immediate vicinity of the ship while the pictures for a new Jannings film, "The Last Appeal," were being taken in co-operation with units of the German Navy off Swinemuende on Friday.

The bomb caused a large leak under water and the ship had immediately a bad list. In view of the critical situation the actors and cameramen were taken aboard the lifeboats of the destroyers. The artillery training ship "Breme" also participated in the rescue work.

£97,500 IN TRUST FOR DEANNA

LONDON, July 20 (By Air Mail)

The first juvenile's film contract written to conform with California's "Jackie Coogan" law, which puts half the earnings in a trust fund beyond control of the parents, is between 17-year-old Deanna Durbin and Universal.

Under the contract, approved by the Court, Deanna, whose parents are now in England, will earn £195,000 in the next five years.

The law is a sequel to Coogan's action alleging that his mother and stepfather had squandered much of his early earnings.

Mrs. Durbin said that she thought it "a very good idea indeed" and "most necessary."

So far as she and her husband were concerned, ever since Deanna began her career nearly all her earnings had been carefully invested by them on her behalf.

CHINA'S WOMEN TAKE TO SANDALS

The war with Japan has caused a revolution in Chinese women's fashions. Many women have discarded high-heeled shoes and are going about bare-legged in coolies' straw sandals and "ten gallon" straw hats, which are very cheap.

Previously the modern Chinese woman has not worn a hat, but has usually carried a silk parasol.

Owing to the scarcity of petrol some Chinese officials now go to their offices in sedan chairs. There is also a shortage of kerosene oil, and all schools and Government organizations in places without electricity have been ordered to use only vegetable oil for lighting purposes.

SATURDAY CATHEDRAL WEDDING

MR. FRANK KWOK AND MISS WANG

At St. John's Cathedral on Saturday afternoon, a pretty wedding took place between Mr. Frank H. Kwok, solicitor of Messrs. Johnson, Stokes and Master, and well known local badminton player, and Miss Virginia Ging Tsung Wang, daughter of Mr. and Mrs. Ding Wang.

The Right Rev. R. O. Hall, Bishop of Hongkong, officiated assisted by the Rev. A. P. Rose, Assistant Chaplain of the Cathedral.

The bride, who was given away by Dr. F. Katherine Woo, M.B.E., Principal of St. Paul's Girls' College, wore white French lace cut on princess lines and had a long veil. Her bouquet was of white season flowers.

The bridesmaids were Miss D. Lee, Miss E. Kwok, Miss E. Young and Miss Toa, and were all dressed in pink.

Mr. John Kwok discharged the duties of best man.

Following the Church ceremony, a largely attended reception was held at the Gloucester Hotel after which Mr. and Mrs. Frank H. Kwok left for their honeymoon, which is being spent in the Philippine Islands.

SHOOTING IS "FREAK" HOBBY FOR A WOMAN

LONDON, July 19 (By Air Mail) —Miss Marjorie Foster, who finished second in the Bisley competition for the King's Prize, showed a letter from a Devon man arising from the controversy about the King's Medal for the best shot in the Territorial Army.

The letter said: "You adopt what is altogether a freak hobby for a woman."

"Granted you have attained adept skill lying prone in the peace of a summer day; and in those circumstances fitch, as I see it, a great honour from fighting men whose rifle in most cases is their livelihood."

"UTTERLY INCONGRUOUS"

"Your winning of the premier event some years ago absolutely sickened me, as it must have done thousands of other Service and ex-Service men, not mind you in any personal enmity towards you, but simply because of the utter incongruity of the position."

Miss Foster said she thought the letter very funny.

Miss Foster claimed the medal for the best shot in the Territorial Army, but the War Office decided that as the Auxiliary Territorial Service was not yet part of the Territorial Army, she was not eligible for the award.

A PEARL NECKLACE FOR SOMEONE

LONDON, July 19 (By Air Mail) —Lieut.-Col. Charles Frederic Call (retired), with died in May leaving £116,483 (net £116,227), in his will published to-day, leaves a pearl necklace to be held upon trust for the woman who shall become the wife of the first to marry one of his two friends, Christopher Nix of Tilgate, Crawley, and Piers Edgcombe, of Holwell Court, Hatfield.

At present neither Mr. Nix nor Mr. Edgcombe is engaged. Mr. Nix is in America.

Mr. Edgcombe was surprised when he heard about the will. "Colonel Call was a great friend of my father's but I cannot say that I knew him at all," he said.

HONGKONG'S BAGGAGE RACKET "SQUELCHED"

BLUE FUNNEL LINE'S LEAD IN PLAN TO ELIMINATE ANNOYING "SQUEEZE"

THE BLUE FUNNEL LINE, whose fleet of ships ply along the world's trade routes, has taken the lead in "squelching" the ever-busy baggage racketeers whose places of business are the shipping piers on the arrival and departure of steamers.

Last June, the "Hongkong Daily Press" exclusively revealed the coolie baggage racket thriving on the Hongkong and Kowloon Wharf & Godown Co.'s piers. Squeeze for baggage inspection, outrageous prices for baggage transportation and the cut-throat competition of the "racket coolies" against legitimate carriers and runners.

This condition, though now not so prevalent, existed at Holt's Wharf and still does at stream anchorages.

Many petty devices of "squeeze," beside the above, take place. For instance, flower deliveries. The coolie deposits the flower basket at the addressee's cabin door. He departs. Another coolie comes along, annexes the basket and searches through the steamer for the addressee. He then presents the basket and waits for "kumshaw."

THREE "KUMSHAWS"

This practice was "pulled" on one passenger three times in an hour before sailing. This passenger paid three "kumshaws" to three individuals on one basket of flowers. The fact was not discovered until after the ship had sailed.

The same practice has been used for baggage left outside cabin doors, and other times when the luggage is actually inside an unlocked compartment.

These conditions are petty and most annoying to a traveller about to depart or arriving in a strange port.

NEW SYSTEM

The Blue Funnel Line have now worked out a system which in effect, is that no coolies or persons, other than visitors of passengers, are allowed on their ships. When the passenger departs from a stream anchorage, his luggage is taken to a designated pier on the Hongkong or Kowloon side. Here Blue Funnel Line's coolies remove the luggage, messengers' parcels, flowers, etc. to the steamer.

When leaving from Holt's Wharf, the same system is being carried out. All coolies and messengers deposit their loads at the bottom of the ship's gangway and Blue Funnel Line's coolies but them on the steamer.

Regarding disembarking passengers, the same procedure exists. All baggage and personal merchandise is put on the pier by the company's coolies; from this point legitimate hotel runners pick up their "customer's" effects for transportation. From a stream anchorage, the luggage is carried to a designated pier by the Line's launches and coolies and then turned over to transportation companies.

"SQUASHED" COMPLETELY

This new system is being watched closely by Blue Funnel Line officials and the same strict rules are kept for every passenger travelling by their ships. In the very near future, the same service will be carried out in the "A. & O." steamers.

The elimination of the baggage inspection and transportation racket is successful and the petty squeeze activities of coolies on board has been "squashed" completely.

The Blue Funnel Line has thought of its passengers' safety, convenience and comfort. Their new system is welcomed and is definitely an improvement which makes departures and arrivals a pleasure, as it should be, instead of a trial, with annoying, unpleasant and uncalled for tribulations.

HUNGER STRIKE IN KOWLOON

Police Detachment Evict Workers

Over 100 police officers were called out from various stations in Kowloon to break up a sit-down hunger strike at the Safety Industrial Company, a gas-mask manufactory, at Ngau Chi Wan on Saturday.

The strikers, some 300 in number, consisting of both women and workers, resisted the police stubbornly, and as a result, when the incident was over, three were taken to the hospital suffering from effects of exhaustion.

The strike started last Monday when the management of the company dismissed a workman following a fight. The workman demanded that the man should be re-employed. Upon the refusal of the management to comply with their demand, the men went on hunger strike in the workshop and were joined in by some 200 women the following day.

The Colony Labour Officer and Acting Secretary for Chinese Affairs, Mr. H. R. Butters, visited the factory twice during the last week, endeavouring to effect an early settlement, but was unsuccessful.

On Saturday afternoon 108 police officers were sent there. The police urged the workers to leave the factory and warned them to return to their dormitory and homes. Some obeyed the instructions, while the rest ignored the request. After repeated warnings, the police eventually forcibly evicted the occupants of the workshop.

It is learned that a meeting will be held at the Secretariat for Chinese Affairs this morning when five representatives from both the strikers and the management will meet to discuss the terms of an early settlement.

SCOTS PRIVATE DISCHARGED

Window-Breaking Not Proved

Robert McCormack, a private of the Royal Scots, appeared before Mr. T. J. Houston at Central Court on Saturday on a charge of malicious damage of the window of a taxi. He pleaded not guilty to the charge.

The taxi driver told the court that about 8.30 p.m. on Friday he was driving a Chinese lady to the ferry. As the vehicle was slowing down when reaching the ferry wharf, four British soldiers in uniform approached and called for the taxi. As the lady was paying the fare, one of the soldiers broke the window pane with his fist.

A Military policeman, who was on duty near the vicinity, said he heard the breaking of glass and on turning round he saw four soldiers running. He gave chase and arrested the defendant.

McCormack said he did not know who broke the window. There were no bruises on defendant's fists.

Owing to insufficient evidence defendant was discharged.

MUI FONG COLLEGE PRIZE DAY

The Mui Fong College held their annual speech day in the King's Theatre yesterday, when a large gathering of friends and parents of the students attended.

After a speech was given by Mr. Chan Tui-yat, the Principal of the College, Mr. M. K. Lo presented the certificates to the scholars, whilst Mr. Cheong Tai-mok, distributed the prizes.

The Chung Shing musical troupe rendered an interesting programme of music throughout the function.

NORTHUMBRIAN FUSILIERS FOR COLONY

EXPECTED NEXT TROOP SEASON

The 3rd Battalion The Royal Northumberland Fusiliers will replace the 1st Battalion The Middlesex Regiment and the Seaforth Highlanders in Hongkong in the next trooping season.

The local garrison will also be strengthened by the 2nd Battalion The East Surrey Regiment, now stationed with the Seaforth Highlanders in Shanghai.

The Northumberland Fusiliers are at present stationed at Dover under the command of Lieutenant-Colonel H. de R. Morgan, D.S.O. In the war of 1914-18 they formed with the 1st Battalion the old 5th Foot, their Great War record including Mons, Marne, Ypres (1914, 15, 17, 18), St. Julien, Somme (1916, 18), Ploeghe, and Suva (the landing at Suva, Semitar Hill, Gallipoli, 1915, and Egypt, 1916, 17).

The 2nd Battalion The East Surreys (who formed the old 70th Foot) are commanded by Lieutenant-Colonel E.L.L. Acton, M.C. The 1st Battalion The Middlesex Regiment (Duke of Cambridge's Own and the old 5th Foot) will proceed to Malta. It is understood, while the 1st Battalion The Seaforth Highlanders (who are the old 72nd Foot) will proceed from Shanghai to Bareilly in India.

CHANGE IN NAVAL APPOINTMENT

Rear Adm. Robert H. T. Rakkes, whose appointment to Vice-Admiral Commanding Reserve Fleet was announced in May, but temporarily postponed, has now been appointed to a newly created command.

The Admiralty announced his appointment as Vice-Admiral Commanding Reserve Fleet Destroyers flotillas.

Vice-Adm. Sir Max Horton, whom Vice-Adm. Rakkes was to have succeeded as Vice-Admiral Commanding Reserve Fleet, is to continue in that post.

Sir Max completes two years in command on July 28, and was to have relinquished his post on that date.

KENNEDY ROAD SHOOTING

Man Charged, Remanded

The shooting incident which occurred in Kennedy Road on Friday following a robbery, had a sequel before Mr. R. Edwards at the Central Court on Saturday when Wong Yung-wong, alias Wong Yung-kwong, was charged with robbery, attempted murder and possession of arms and ammunition.

The defendant was alleged to have opened fire on an Indian constable during the course of a robbery.

A remand of three days was granted on the application of Detective Inspector Darkin.

POSSESSION OF SHIP KEY

Chinese Remanded At Kowloon

Seng Ming Li, 40, was charged with unlawful possession of a key, which fitted all the cabins, including 2nd class, 3rd class, special class and crew quarters of a German ship, "Gneissman" when he appeared before Mr. E. Hims-worth at Kowloon Magistracy on Saturday, could not account for the possession of same.

Defendant said that he had breakfast at a cafe, and did not know how he came to possess the key, which was found in his pocket.

C. Kriston, local agent of the ship, stated that about 12.30 p.m. on Friday, the No. 1 watchman and another policeman accompanied defendant and met him, informing him that defendant was found on board in possession of the key.

F. Khan, police reservist 223, said that he was on duty on board the ship, when he saw defendant at about 12.15 p.m. On being asked what defendant wanted, he said he was looking for a friend arriving from Shanghai. Defendant was remanded for three days.

WILL BRITAIN FOLLOW U.S.?

AS FORESHADOWED by the "Hongkong Daily Press" several days ago gratification is universal as a result of the action of President Roosevelt in denouncing the commercial agreement with Japan. While the National Government of China and the Chinese people are highly elated by America's attitude, gloom prevails in Tokyo, where Japanese statesmen are fuming with fury and are even threatening to take "retaliatory action."

LAST WEEK-END Baron Hiranuma, the Japanese Prime Minister, forecast that a great surprise was in store for China vis-a-vis the Anglo-Japanese negotiations but the "surprise" he predicted certainly was not half as great as that which emanated from Washington and came as a bolt from the blue catching the Japanese totally unawares. However disappointed China may have been over the "surprise" which she received, the Roosevelt surprise to Washington was considerably more unpleasant and more disappointing to Tokyo.

WHILE unreserved approval of America's action has been expressed in the press in every Democratic country the world over, the Japanese themselves are trying to put on a bold face by stating that the effect of the "U.S. treaty abrogation is not so great" and that "it is the height of folly if America believes that abrogation will serve as a safeguard to her rights in China." Yet feverish efforts were made to keep the Chinese in the occupied areas uninformed of the fact. If the effect of abrogation were not so great or so serious as the Japanese would make believe, surely there would be no objection to the news being made public!

EVEN IF TOKYO is content to take this stand, her Axis partner, Germany, is not so sure for Japan's dementi notwithstanding, she takes a serious view of the situation and is trying to counter the American move by entering into a "comprehensive agreement on the exchange of goods" as a sort of compensation to Japan.

THE TIME HAS ARRIVED for Mr. Chamberlain, instead of dilly-dallying, and kowtowing to the Japanese, to follow President Roosevelt's admirable stroke by denouncing our own commercial pact with Tokyo, irrespective of the outcome of the Craigie-Arita negotiations. The Japanese have shown that they are not sincere in their desire for the success of the talks as evidenced by their failure to suppress the violent anti-British propaganda both in their own country and in the territories of China at present under their domination. With their own lack of sincerity most apparent, they are accusing the British of "insincerity" just as they accused the Chinese at the outbreak of the Sino-Japanese hostilities. From Tokyo's point of view, nobody is sincere except the Japanese themselves.

AMERICA is determined to abide by her word to guarantee the independence and territorial inviolability of China under the Nine-Power Pact. Will Mr. Chamberlain allow Britain's obligations to go dishonoured and her prestige to sink lower in the eyes of the world?

NOTABLE CHINESE WEDDING

Hello & Goodbye

(BY A. W. HYER)

UP COMES A NEW MONTH, TO-MORROW! The tourist travel business of July has been "medium"—not so very good and not so terrible. August will be another month in which a large population of teachers, students and professional people will be visiting in our port.

By the end of August it is expected that the interesting and progressive plans of air travel to China will be in definite outline. Air France's extension of service from Hanol to Kunming; Imperial Airways' and China National Aviation Corporation's surveyed routes from Rangoon to Kunming; and the Russian-Chinese air service in the north out of Kunming, will be in operation before the end of this year.

Empress of Canada:

ON FRIDAY, at mid-night, the Empress of Canada went sailing south to Manila.

Mr. H. L. Schults and Mr. L. L. Roake, two very nice executives of the local Standard Vacuum Oil Co.'s offices, were on their way business-calling on the southern branch in Manila.

Major and Mrs. G. T. Alley, R.A., and their daughter, were booked for a trip down to Manila, and Mr. and Mrs. Y. C. Yu, with their two young children, travelling south. Unfortunately, our evening call on the Canadian Pacific's transport was quite unrevealing. Peace and quiet reigned, but for buzzing electric fans. Practically all the ship's population were shore-side, "gadding," or had retired to downy couches.

President "Coolidge":

ON SATURDAY-MORNING, at 7 o'clock, when the President Coolidge swung long-side Pier No. 1, just in from a call on Manila, there were quite a few familiar faces at the ship's rail.

There was Mr. W. J. Wilson, American President Line's Superintendent Engineer in Shanghai, and a new resident for Hong Kong in October. This time he was passing through.

Judge L. D. Harris had twenty-four hours to say "hello" to his many friends here. The Judge is en route to San Francisco, vacationing and "businessing".

And a former visitor to our shores on the inauguration flight of Pan American Airways, came calling after a long absence, Miss Violet Sweetheaven, the capable reporter and writer for "International News Service," New York office. This young American "newspaper-gal" had just completed a round-trip across the Atlantic Ocean on Pan American Airways' lately-inaugurated service. Now she is round-tripping on the President "Coolidge" from San Francisco. Heading back to her desk and typewriter in New York, she will present the American public with the comparison of the years and first-hand observations in Japan, Shanghai, Hong Kong and Manila.

Disembarking in our city was that Dr. H. F. Smith Chief United States Public Health Officer in the Philippines. His many friends here are on their toes now that the Doctor has arrived, for he keeps them going morning, noon and night!

Mr. and Mrs. H. F. Phillips, who were recently married in the Colony, certainly enjoyed their "honeymoon" journey to the Philippines. Now the head of the Kowloon, Hong Kong and Shanghai

Banking Corporation office hangs up his hat and gets down to business.

It seems a "long-time-no-see" that Mr. Edward M. Grimm, Vice-President and Treasurer of Luzon Stevedoring Company in Manila. Business and pleasure brings him back to Hong Kong.

Mr. D. K. Chiong, a prominent business man in Manila, and brother of Mr. D. C. Chiong, travels again to our city in the interest of the "Chiong" concern.

Mr. L. De C. Blechynen should be in our city. This gentleman, an official of the Asiatic Petroleum Co., came from Manila on the President Coolidge, mainly business-calling!

A writer of note and a traveller from San Francisco to Hong Kong, via Manila, is Mrs. Harriette C. Roberson. This woman of charm, who is also President of the School of Personality in Washington, D.C., will spend a few days investigating Hong Kong before setting out on a journey into China.

U.S. Bound:

ON SUNDAY-AFTERNOON, the President Coolidge, was under steam and away for American ports, via Shanghai and Japan.

Mr. and Mrs. H. Donovan certainly were given a popular send-off. The American Consul is pulling up stakes from our city and travelling off to Washington for a holiday. His new tour of duty follows too, and he will take over duties in Bombay.

Another traveller who was surrounded by many friends and relations was Mr. Tse Wai, who is travelling to San Francisco and Washington. This Chinese gentleman, a representative of the Wah On Export Association, was deeply touched by his farewell party, but anxious to be in America and down to business.

Mrs. Alex Potts, of Hong Kong, created a smart picture of fashion when she sailed north on the President Coolidge with her young son. The young member of the family will be entering school in Tsing-Tau.

Mr. Julian Arnold, United States Commercial Attaché in Chungking, was buried down with friends who had come to bid him adios and pleasant days on his journey up to Shanghai.

And Mr. Nelson Newton, secretary to the United States Embassy in Tokyo, was not doing so bad as a party and good wishes receiving from many friends. This good-looking American is travelling up to Yokohama and his desk in Tokyo.

There should have been a Mr. Gordon W. Thompson, representative of the National City Bank of New York in Osaka, about the President "Coolidge" on Sunday afternoon. There was a ticket to Kobe issued to the gentleman, but his presence just wasn't about!

FIRING PRACTICE

Firing practice will be carried out from Stonecutters Island between the hours of 8 a.m. and 5 p.m. to-day.

FORTUNE TELLING: PROPHECY & OMENS

Mostly Untrue, But Still Firmly Believed

BY JOSEPH BRICE

Fortune telling has been created with the world, one might say; from the beginning it has been proved mostly untrue and still people believe firmly in it.

The Hebrews had their Prophets and they saw in them the "speakers" of God. Fortune telling, among the Greeks, was part of their religion; their "pythones" were sacred women who lived in the temples and were consulted by the highest people in the country.

For the Romans it was of the utmost importance to know for example the result of a campaign; so they had special priests who constantly followed the armies and before venturing into a battle they had to examine the flight of pigeons or even to cut one or two of these birds and considering how the organs were placed to decide whether the battle would be a victory.

With Christianity fortune telling was not given up, but, though no longer a religious act, it became a part of "magic" and up to the last fifty years the business of gypsies.

INDEPENDENT PEOPLE:

Those gypsies or bohemians were independent people, not admitted in any so-called society, who lived however upon the credulity of all good citizens and noblemen of Europe. Besides them, in every Court, there was a man sometimes more powerful than the King, whose duty it was to predict the great events of the world and of the country. One cannot imagine the Court of Louis XI, of Philip II of Spain, or Marie de Medici without an Astrologer.

In our century of positivism, we profess to laugh at the predictions of witches or astrologers and, however, the last page of every European or American daily paper is full of advertisements for all-powerful Indians and Fakirs, who live exclusively upon their false tricks. They give you free of all charges, the means to be happy all your life; how could you not believe them?

WHAT NEXT?

Man is always curious to know what is coming next. It is a characteristic of his nature that he is never satisfied, neither with the past which can give him no more happiness, nor with the present; if he is unhappy he wants to escape from the present; if he is enjoying the best he is anxious to know how long it will last.

He also wishes to know if there is any means of preventing bad luck by knowing the coming difficulties; if you know that your house is going to be burnt in a fire, it is easy for you to change residence!

The only thing is not to have a wish, the great difficulty is to find out the means to realize it. And for centuries, people have tried to discover the best.

Some observe your person; if you have such a high forehead Heaven has granted you more than normal intelligence and you will be a genius; but if your eyes are made to weep, misfortunes will not be spared to you and such a line in your hand, shows that they will come from your wife, though this other line indicates clearly that you will have a very long life with perhaps two or three diseases.

ILL OMENS:

Every educated person has to know that if an owl cries at midnight before the house it announces a death in the family; that if it rains on a wedding day it is a certain sign that the couple will be wealthy.

It is generally acknowledged that pouring salt on the table indicates either a quarrel or seven years of disasters and to light three cigarettes with the same match is the same thing as killing one of the three smokers.

It is also a universal belief that Friday is a day of evil omen, except if it is the 13th of a month. And if a peasant tells you that rain on St. Marc's day announces a bad harvest, unless St. Barnabas contradicts it, you have to believe him as the very voice of God.

However, for complete information you can consult an expert in cartomancy and the king of hearts will tell you that a young

and fair gentleman is going to bring you a fortune on account of the jack of clubs which means money and the seven of spades which shows an estate; but beware of that woman, the queen of spades.

Another prophet can show you a brilliant future through the flame of a candle, but certainly, nowadays the surest way to have your future told is to consider on what day you were born, to which sign of the Zodiac it corresponds, what was the influence of the Moon and of Venus at that exact moment and if Saturn did not counteract and change everything.

GREAT VARIETY: So, you can judge that there is a great variety of means and I forgot many. But one has to wonder what is the real value of each of them.

Sometimes the physical appearance may indicate if not directly the future, at least the character of a person; but even then it is so seldom true that one has to rely more on the general expression of a physiognomy than on such and such peculiarity of the physical construction.

As to predict the future events, it appears impossible to me. The very conscience of our free will shows us that we can believe any and every prediction if we care to. And for the events independent of our will we perceive that there are so many circumstances, varied and intricate, so many different characters in cause, so many unknown personal interests, that no one can foresee the result of the combination of these various influences.

The mere study of history shows the complexity of the smallest event; and in our very lives we notice every day that we cannot foresee all the consequences of the less important of our acts.

The simplest reflection tells us that stars and planets are physical bodies quite indifferent to such a small insect as man, lost in the immensity of the Universe and in the multitude of the whole population of the world.

INFLUENCE ON MIND: But, however, one might object, sometimes at least fortune telling is right. This I cannot deny. The prediction drawn from the weather by the country people are the result of years of experience and I cannot but believe that if it rains at such a time the roots will rot and the harvest will not be good.

I can also admit that you will act as one person told you because he influenced your mind and persuaded you to act in such and such a way. I shall even confess that without any explanation at all, but the concurrence of circumstances, predictions may be verified.

I shall also add what G.B. Shaw said somewhere, that man mark prophecies "only" when they are accomplished—forgetting them when they are not, it is understood.

That is why men are always so keen on having their future told and what I can predict, without fear of contradiction is that fortune telling will last till the end of mankind!

APPEALS AGAINST "BILLETING"

LONDON, July 29 (Reuter).—In an emergency, appeal tribunals are to be set up in billeting areas to which householders "aggrieved by billeting requirements" can put their case. This was announced by the Minister of Health in a circular issued to-day, which points out that the standard of one person to an inhabitable room would not normally be exceeded, but it was conceivable that it might be necessary to go beyond this standard as a temporary measure in districts.

EXTRA POWERS TO DEAL WITH I.R.A. TERRORISTS: POLICE MOST ACTIVE

LONDON, July 29 (BWS)—The House of Lords rushed through the Prevention of Violence Bill, to give extra powers to help in preventing further outrages by the "Irish Republican Army," in 68 minutes yesterday.

Later the Bill received the Royal Assent and is therefore now law.

The Home Secretary, Sir Samuel Hoare, said in the Commons: "I have been told that had we had these powers two days ago it is very likely we might have forestalled one or other of the recent outrages."

It is reported that the Eire Prime Minister, Mr. De Valera, has called a special Cabinet in Dublin to consider a plan for immediate action against known I.R.A. extremists in Eire and special legislation to deal with I.R.A. deportees from England.

POLICE ACTIVITY

LONDON, July 29 (Reuter)—Police activity in connection with the campaign to stamp out I.R.A. terrorism continued to-day.

Detectives were again stationed at Euston Station watching the departure of Irish mail trains.

Sir Samuel Hoare, the Home Secretary, has now signed 19 deportation orders, but it is unlikely that there will be any actual deportations under the new Act during the week-end.

A number of suspects arrested by the police have intimated their intention to appeal.

If the grounds of their appeal are not regarded as frivolous by the Home Secretary, he will appoint an independent person to interview the appellants, and will act upon his findings.

11 CASES

It is officially stated that Sir Samuel Hoare has signed only eight deportation orders, and has before him details of another 11 cases submitted by Scotland Yard on which action has not yet been taken.

There are to be no mass deportations, and each case will receive the most careful consideration before any action is taken.

ALGIERS EXPLOSION DEATH ROLL

SIXTEEN BODIES FOUND

PARIS, July 29 (T/Ocean)—Total death toll in the Algiers explosion on Thursday totals at least 20.

Sixteen bodies have been found, but to these 15 victims must be added, and five other workers who plunged into the water to extinguish their burning clothes and who were apparently drowned.

The condition of others who are in hospital is practically hopeless. Total damage done is now estimated at 20,000,000 francs.

CHUNGKING, July 30 (Central)—As the result of continuous torrential rain, many parts of Peiping, including large sections inside the old Forbidden City between Hatan and Hsuanwumen, are now under three feet of water.

Passenger and freight service on the northern section of the Peiping-Hankow railway, as well as military transportation, has been suspended.

HUNGER STRIKE:

LONDON, July 29 (T/Ocean)—A number of Indian political prisoners in gaol at Hyderabad and Poona have gone on hunger strike, says the Calcutta correspondent of the "Daily Telegraph."

About 50 prisoners are on strike, says the correspondent. The "News Chronicle" says that 89 are on strike.

U.S. BOMBERS:

LONDON, July 29 (BWS)—The first supply of American bombers ordered for the R.A.F. is arriving.

Their machines have a speed of 246 miles per hour, a range of 1700 miles, carry a crew of four and have guns in the nose and at the rear.

DISGRACED:

MOSCOW, July 28 (Reuter)—Seventy-eight Russians holding official posts in east Russia have been deprived of orders and decorations for unbecoming conduct. It is emphasized that the men have not been arrested, but have

ALLEGED I.R.A. SYMPATHISERS DEPORTED

LONDON, July 30 (Reuter)—Six men, alleged to be Irish Republican Army sympathisers, have been deported.

They left Holyhead for Ireland to-day and travelled from London under special police-guard.

Wangmoon Area Shelled By Japanese

LANDING ATTEMPTS BEATEN OFF

MACAO, July 29 (Reuter)—The whole morning Japanese warships shelled the coast and countryside in the vicinity of Wangmoon, and some shells even fell within Shek-ki, without causing any casualties. Gen. Chang Wai-chung, who was directing Chinese resistance, had frequent narrow escapes from death, and the Chinese managed to beat off every attempt at landing.

Chinese Claims
The invaders have suffered the loss of several hundred men during the last few days, according to Chinese claims.

Harvesting has ceased owing to the indiscriminate shelling of fields, while Japanese planes continue to machine-gun farmers in undefended villages, motor-buses and rickshaws.

Refugees are still coming to Macao, where the gates are kept open till night.

ROBBERY REPORT AT YAUMATI

"They were four men, all dressed in black. One carried a hammer," reported 19-year-old Lei Kwok-wah, at Yaumati Police Station last night.

Lei told the police he had been stopped by four men in the vicinity of Cemetery Path, King's Park, near the reservoir. He claimed the men had robbed him of more than \$9, the property of his master.

Police accompanied him to the scene of the alleged robbery and, after about 30 minutes' search, returned to the station without having discovered anything to substantiate the story.

Political:

WARSAW, July 29 (Reuter)—The Polish Foreign Minister, Col. Joseph Beck, flew to Gdynia to-day to confer with the Polish Commissioner to Danzig.

The British Ambassador, Sir Howard Kennard, has returned to his post in Warsaw after a month's holiday.

SCOUTS MEET:
LONDON, July 29 (Reuter)—The Duke of Gloucester spoke last night at the final Rover Scout Meet at Edinburgh.

The International Boy Scouts Association has decided to hold its 1941 Jamboree and conference in France.

DEFENCE:
LONDON, July 29 (Reuter)—The Australian Government has announced the creation of a ministry which will operate on much the same lines and with the same objects as the Ministry for the Co-ordination of Defence in Great Britain.

TEST FLIGHT:
BERLIN, July 29 (T/Ocean)—A three-engine Junkers plane landed at Bangkok this morning from Berlin on the first test flight preparatory to establishment of a regular service.

CONFLAGRATION IN CHAOAN

LIUHUANG, KWANGTUNG, July 29 (Central)—Five days' continued conflagration in the battered city of Chaoan has reduced almost 2,000 houses to smoldering ruins and caused approximately 500 deaths, including many Japanese troops, according to a report received here.

The fires in Chaoan, the report states, were mostly caused by Japanese bombing and artillery bombardment before the second Chinese withdrawal.

CURRENCY QUESTION HITCH

TOKYO PARLEYS INTERRUPTED

LONDON, July 29 (Reuter)—It is learned that the report from Sir Robert Craigie, British Ambassador in Tokyo, on the difficulties concerning the Chinese currency question which have arisen in the Tokyo talks, is being studied in London over the week-end.

Next meeting in Tokyo has been fixed for Monday in order to give the Foreign Secretary, Lord Halifax, time to consider the position.

NEW INSTRUCTIONS

LONDON, July 29 (T/Ocean)—Sir Robert Craigie, whose report is being examined by the Foreign Office over the week-end, will receive new instructions before the negotiations are resumed on Monday.

According to despatches from Tokyo, resumption of the plenary conference will be preceded by discussions between British and Japanese economic advisers concerning questions connected with the Chinese currency in Tientsin.

CHIANG CRITICISES FORMULA

LONDON, July 29 (T/Ocean)—A declaration by General Chiang Kai-shek in which he criticises the British action in the Tokyo negotiations is published this morning in the "News Chronicle."

Britain, the Generalissimo declares, would do wisely to discontinue all negotiations with Japan.

REQUEST TO BRITAIN

CHUNGKING, July 29 (Central)—Considerable significance is attached to a movement gaining momentum here for requesting Britain to discontinue forthwith her negotiations in Tokyo and to take parallel action with America to check Japan's aggressive designs.

The movement, sponsored by leading circles in Chungking, is assured of widespread support.

It is based on the belief that Britain's hope to salvage her vested interests in China by the Tokyo conference is doomed to failure, as Japan would never be satisfied by anything short of complete surrender by Britain.

The fact that anti-British campaign, instead of subsiding, is steadily being intensified, should serve as a warning to Britain of the ultimate futility of the conference. It is pointed out.

TANGKU DEMONSTRATION

CHUNGKING, July 29 (Central)—An anti-British demonstration held at Tangku on July 24 was turned into an anti-French agitation, states a Tientsin message.

During an anti-British mass meeting of 1,000 Chinese and ronins allegedly inspired by the Japanese some in the mob shouted "Down with France!" The demonstrators then flocked to the French barracks but were prevented from entering by French soldiers on guard.

They were finally dispersed by French troops called in from Tientsin.

INCREASED PAY FOR RAILWAY STAFFS

LONDON, July 29 (Reuter)—The railway companies have decided to increase the wages of the traffic staff from 1/- to 4/- giving minimum wages of 45/- a week. The National Union of Railwaymen was seeking a minimum wage of 50/-.

The locomotive men are threatening a strike and the N.U.R. is holding a special delegates conference next week to decide whether to accept or reject the railway companies' offer.

MOSCOW NEGOTIATIONS

AGREEMENT ON ESSENTIAL POINTS: MILITARY TALKS TO START THIS WEEK

PARIS, July 30 (Reuter)—During the course of a meeting of Ministers, it is understood that M. Bonnet, the French Foreign Minister, referring to the Moscow talks, intimated that military conversations were expected to begin this week, side by side with political negotiations.

M. Bonnet added that the British military mission, headed by an Air-Marshal and an Admiral, will leave London for Paris by the middle of the week and travel to Moscow at the same time as the French military mission, headed by General Doumenc.

SLIGHT DIFFERENCES
An earlier message stated that during Saturday's French Cabinet Meeting the Foreign Minister, M. Bonnet, gave a long explanation of the foreign situation and laid great stress on the Anglo-Franco-Russian negotiation.

M. Bonnet said these had now been successfully concluded on all essential points. There remained slight shades of differences of opinion as regards the drafting of one article—that concerning indirect aggression.

M. Bonnet emphasised that this could not in any way affect the negotiations as a whole. In fact, he declared, it was only a question of drafting.

MILITARY TALKS

PARIS, July 29 (T/Ocean)—Military considerations are now taking the lead in the Moscow negotiations, says the semi-official "Petit Parisien."

From now on, political and military negotiations will be carried on simultaneously, it is stated, and will serve to supplement and influence each other.

M.P.'S OPPOSE COMMONS SUMMER ADJOURNMENT

LONDON, July 28 (Reuter)—With Parliament due to adjourn for the summer recess on August 4, suggestions were made to Mr. Neville Chamberlain in the House of Commons yesterday at question time that the House should not disperse at the present time.

Mr. Chamberlain said he would announce next week the date of re-assembly in autumn.

It was proposed to take the motion for the summer adjournment on August 2, when the usual power would be taken for the Speaker, on representation made by the Government, to call the House, together at an earlier date if such a course was necessary in the public interest.

REGULAR MEETINGS

Mr. Arthur Greenwood, Deputy Leader of the Labour Opposition, asked Mr. Chamberlain if he had in consideration the suggestion that there should be regular meetings of the House and that the members should not disperse for a considerable period.

Mr. Chamberlain said that he had seen an allusion to such a proposal in the press, although it was not formally made to him.

On consideration, it did not seem to him to be an advisable course, to follow. "It is one which is likely to keep the whole country in a state of suspense," said the Premier.

DUE RESPONSIBILITY

Replying to Sir Archibald Sinclair (Lab.), who declared that "in view of the possibility of grave events abroad" it was undesirable that the House should separate for a prolonged period, Mr. Chamberlain said that he thought that the only reasonable way was for the Government to watch the course of events and the House might depend on it that they would exercise their powers with a due sense of responsibility.

Making an ex tempore reply to a supplementary question by Mr. Greenwood, Mr. Chamberlain said that he did not want to tie himself down to the precise words of a pledge, but broadly speaking, if the Government contemplated some important departure in their foreign policy, he thought it would be the occasion for calling the House together.

INCONGRUOUS?

Mr. Winston Churchill: Does not Mr. Chamberlain consider that, if during the early days of August the mobilization of the German Army is steadily proceeding, it would appear incongruous to announce that Parliament would be adjourned until October 25?

Mr. Chamberlain: That is a hypothetical question.

The Labour Motion of Censure on the Government was defeated by 356 votes to 163.

Chengtu's New United Hospital: The Largest In China

CHUNGKING, July 29 (Central)—The United Hospital of the Associated Universities at Chengtu, when its new building is completed early next spring, will be the largest in China and in equipment a close rival of the P.U.M.C. in Peiping.

This was assured by Dr. Joseph Beech, veteran American educator and Chancellor of West China Union University, upon his arrival in Chungking after a two-year stay in the United States.

JAPANESE ENTER SHAI CONCESSION, ARREST CHINESE

CHUNGKING, July 30 (Central)—Two Chinese were arrested by the Japanese at No. 53 Chien Yeh Li, in the French Concession, yesterday morning and were escorted to the police station, states a Shanghai report. The reason for the arrest is not known.

NORTH KIANGSI HIGHWAYS DAMAGED

CHANGSEU, KIANGSI, July 30 (Central)—Chinese guerrillas have thoroughly damaged the Tehan-Julchang highway and the Julchang-Wuning highway, the two principal lines of communication in north Kiangsi.

The Japanese were compelled to abandon the Tehan-Julchang highway last month as a result of repeated Chinese attacks. After their evacuation, the Chinese systematically destroyed the roadbed, making transportation absolutely impossible.

The roadbed of the Julchang-Wuning highway is flooded.

HINGNING BOMBED

HINGNING, July 30 (Central)—A Japanese naval plane appeared over Hingning, Kwangtung, yesterday morning. It dropped more than ten bombs, wounding about ten civilians and demolishing a number of houses. It later machine-gunned the outskirts, wounding three more civilians.

JAPANESE ARTILLERY POSITIONS RAIDED

PINGKIANG, July 30 (Central)—Four Japanese heavy guns were damaged and 80 Japanese artillerymen killed during a Chinese guerrilla raid on the Japanese artillery positions near Tzefang, southeast of Wuchang, on July 24. Eight Japanese artillerymen were taken prisoner.

KIANGSI TOWN RAIDED

KIAN, KIANGSI, July 30 (Central)—Three Japanese planes flew to Tsinien, on the Chekiang-Kiangsi Railway, 38 miles south-east of Nanchang, yesterday morning, and dropped nine bombs. Thirteen civilians were killed and wounded, and four houses were destroyed.

Attack on Samshui

SHUWENG, July 30 (Central)—Chinese guerrillas have been attacking Samshui, Mahow and Sunshi on the West River, destroying the Japanese barracks and defence works.

Puppet Troops Mutiny

YINGTAK, July 30 (Central)—The wave of defection has spread to the puppet troops in Kwangtung. According to reports, about 180 Chinese irregulars in Japanese employ mutinied at Shueking on July 26. They killed a number of Japanese officers and soldiers and surrendered to the Chinese side.

Tanks Destroyed

FANCHENG, July 30 (Central)—During an engagement west of Buihsien in north Hupeh on July 27, three Japanese tanks were destroyed by Chinese fire.

Best Quality Materials

In China, he secured \$125,000 Chinese currency, from the China Foundation for the Promotion of Education and Culture and \$75,000 Chinese currency, from the Board of Trustees for Administration of the Boxer Indemnity Fund returned by the British Government.

The latter amount has been fully paid and \$100,000 of the China Foundation grant has been spent on equipment for the hospital.

Dr. Beech said that all the materials he brought from the States are of the best quality. The United Hospital will be complete in every modern respect except electrotherapy. An additional U.S. \$100,000, estimates the American educator, will be needed for the further augmentation of the hospital equipment.

The hospital, with 275 beds and an out-patient department, capable of handling 200,000 to 250,000 cases a year, can safely claim to be the largest in China. The three medical colleges that use the hospital for the training of their students can graduate from 100 to 150 qualified doctors annually.

Attempt Frustrated

NANYANG, HONAN, July 30 (Central)—A Japanese attempt to take Hwaiyang, a strategic city in east Honan, about 20 miles southwest of Luoyi, was frustrated by the Chinese.

After receipt of reports of the Japanese intended attack, Chinese lay in ambush at a point north-east of Hwaiyang and intercepted the Japanese column driving toward the city. The Japanese were defeated and retreated, leaving about 100 dead behind.

In south Honan a Japanese column suffered over 100 casualties on July 28 in a clash with the Chinese at Hwaiyeh, northeast of Tungpa. A Chinese flanking attack was responsible for the heavy Japanese losses.

In Central Hope

CHENGCHOW, July 30 (Central)—The Chinese have been successful in their attacks on the Japanese in central Hope.

Antai city is reported to have been recaptured by the Chinese. The Japanese garrison was totally annihilated while a unit of puppet troops was disarmed.

The Japanese garrison at Man-cheng, numbering 1,200 men, had a fierce encounter with the Chinese in the southwestern suburbs on July 27. About 100 Japanese lost their lives.

In a chance encounter with the Chinese, Japanese troops at Lai-yuan lost about 200 men.

Compulsory Service Tribunal Announced

It is notified in the "Government Gazette" that His Excellency the Governor has been pleased to appoint the following to be members of the Compulsory Service Tribunal:—

His Honour Mr. Roger Edward Lindell, Puisne Judge (Chairman);

The Honourable Sir Henry Edward Pollock, K.C., LL.D.;

Commander William Patrick McCarthy, Royal Navy;

Major James Francis Henry, Deputy Assistant Adjutant General, China Command;

Mr. Harrie Vaughan Wilkinson, D.S.O.

Appeal Tribunal

The following have been appointed to be members of the Appeal Tribunal:—

His Honour Sir Alasdair Duncan Atholl MacGregor, Kt., K.C., Chief Justice (Chairman);

The Honourable Mr. Stanley Hudson Dodwell;

The Assistant Adjutant and Quartermaster General in charge of Administration, China Command.

Clerk To Tribunal

Mr. Claude Bramall Burgess, Colonial Administrative Service, has been appointed to be Clerk to the compulsory Service Tribunal.

AMENDMENTS TO ORDINANCES

The "Government Gazette" publishes the following amendments to the rates published in Notification No. 235 in the Government Gazette of 31st March, 1939:—

1. Regulation 2 (1) (a) is amended by substituting the figures "55" before the word "cents".

2. Regulation 2 (1) (b) is amended by substituting the figures "70" for the figures "65" before the word "cents".

3. Regulation 3 is amended by

ORDINANCE STARTS ON WEDNESDAY

With the assent by His Excellency the Governor to the Compulsory Service Ordinance, the measure has become law.

It was officially notified on Saturday that the Ordinance will come into operation on Wednesday.

A Medical Board of eight persons has been constituted under the direction of the Director of Medical Services, Hon. Dr. P. S. Selwyn-Clark. It consists of representatives of the Navy, Army, Government and, in addition, comprises three private practitioners.

The examinations will be carried out at the Garrison School in Garden Road, near the Lower Peak Tram Station.

84 Called Daily

Persons subject to examination will be called up in batches of 84 daily.

They will be called up in alphabetical order—that is, those whose surnames commenced with the letter "A" will first be called up.

Calling up will be by means of a prescribed form, which must be taken by the person affected to the examination hall.

All persons passed by the medical examination board will next be ordered to attend before the Compulsory Service Tribunal.

substituting the figures "45" for the figures "40" in the forth line thereof.

Waterworks Ordinance

The Governor in Council makes the following amendment to Appendix 1 of the Schedule to the Waterworks Ordinance, 1938.

The proviso at the foot of the first paragraph of Appendix 1, "Price of Water", is rescinded and the following proviso is substituted, *therefor*:—

Provided that if any account remains unpaid after the date by which payment of such account is to be made, the sum payable shall be increased by twenty-five cents if it is not more than five dollars, and by ten cents for every two dollars or part thereof if it is more than five dollars.

DR. NORRIS FLYING TO CHINA

The Reverend Dr. John Franklin Norris, the American Baptist minister with the biggest pastorate in the world, left London on July 17 for Rome.

From there he will fly down the Empire line to the East. And his goal is Chungking, war-time capital of Generalissimo Chiang Kai-shek.

After interviewing the Generalissimo, he is going on to Tokyo and from there, home, where he intends to present a report on his journey to his friend, Secretary of State Mr. Cordell Hull. For Dr. Norris is a keen student of politics who holds vigorous views on international affairs.

The Nazi authorities recently cancelled his visa to Germany. Dr. Norris replied by burning the Nazi flag before a crowd of 40,000 people in Detroit.

He Fought Graft

Dr. Norris is 61, a man of powerful physique, with craggy features and a picturesquely violent vocabulary. He is known variously in his home town of Fort Worth as "The Fighting Parson" and the "Texas Cyclone."

His career has been as spectacular as his personality. He has campaigned vigorously against a number of corrupt city administrations, has been indicted for arson, perjury, and murder, and been acquitted on all three charges.

To-day he is still hard at work in his pastorate of 7000 souls. His two principal churches are 1300 miles apart. But this does not deter the Doctor. He uses an airplane to carry him from one service to another.

The total amount applied for in tenders for £40,000,000 Treasury Bills was £73,775,000. The amount allotted in Bills at three months was £38,000,000. The average rate per cent. was 14/4.08 pence against 14/8.81 pence last week. (BWS)

NEON SIGNS OFF IN TYPHOON

Government has issued a new order demanding that electric current supplying neon be cut off once the No. 5 signal has been hoisted.

The action is taken under the Advertisements Regulation Ordinance of 1921 and the amended Ordinance of 1937, and the "Government Gazette" notice reads as follows:

"On the hoisting of the No. 5 or any typhoon signal above that number, electric current supplying the transformers of neon signs attached to the outside of any building must be cut off, and such current must remain cut off so long as any of the said signals remain hoisted."

A definition of a neon sign is added, which says: "Neon Sign means any arrangement of glass tubing charged with neon, argon, helium or other inserted gas which, when subjected to electrical pressure gives a bright glow, whether in the form of letters, characters, model, device, border or outline, designed to attract public attention to any building or place on or in which it may be affixed."

COLONIAL EMPIRE AFFAIRS

New Parliamentary Committee

LONDON, July 29 (BWS)—It is expected that the Prime Minister will announce in the Commons next week the Government decision to agree to the setting up of a Parliamentary committee which will keep continuously under review questions affecting the Colonial Empire.

Opinion is growing that occasional debates in the Commons on Colonial Office estimates and questions to the Secretary of State do not give adequate expression to Parliament's sense of responsibility for the Colonial Empire.

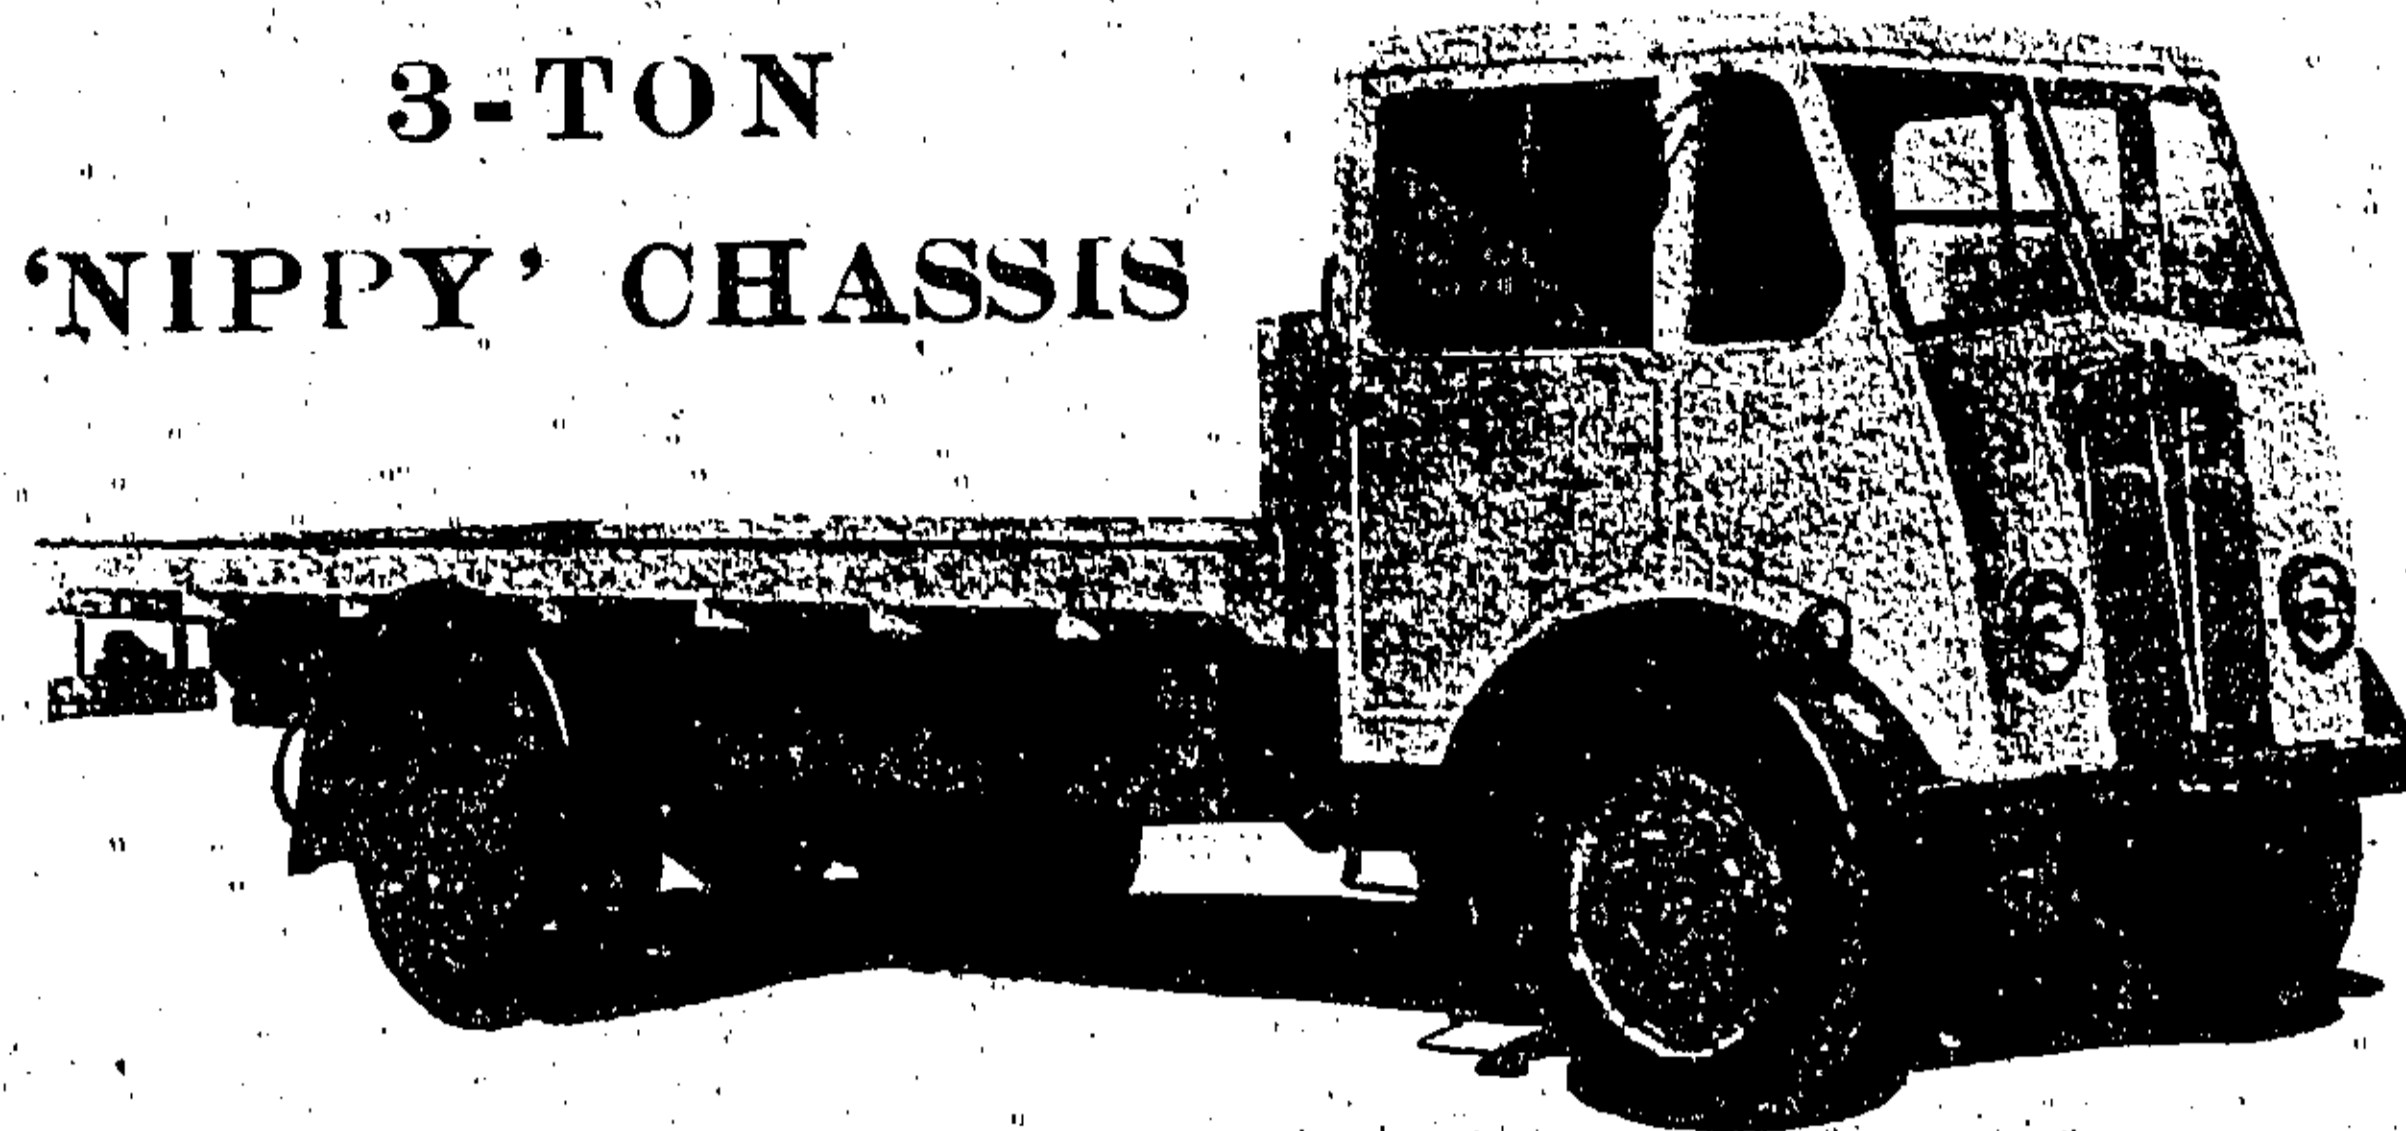

It is thought that a colonial affairs committee would be able to perform a useful service in studying and reporting to the House on various aspects of colonial administration and social and economic conditions of the Colonies.

Why Britain Must Have A Pact With Russia

COMMON INTERESTS WILL OVERCOME
OBSTACLES TO PEACE ALLIANCE

By Winston Churchill in the "Daily Telegraph."

LONDON, June 8.—It is astonishing how swiftly and decisively opinion in Great Britain and France has consolidated itself upon a Triple Alliance with Soviet Russia. The well-known objections have simply ceased to count with enormous numbers of people to whom abhorrence of Communism is still a first principle.

But it should not be supposed that this change arises out of any desperate strait or panic fear. It is due to the realisation of the very real harmony of interests which unites the foreign policy of the three countries. Their common interest is peace. Not one of them has anything to gain, and all have much to lose, if not everything, to lose, by war. The conviction is widespread that around this Triple Alliance there can be formed so large a bloc of armed and arming States as will make the Dictators ponder long and anxiously before they attack them.

Matters have now gone so far that it is inconceivable that any of the three Governments involved could take the responsibility of depriving the hundreds of millions of working-people involved of this joint security for their life and progress. Agreement is driven forward by irresistible forces, overriding and shearing away serious obstacles and valid prejudices, as if they were but straws.

Soviet Proposals Better
Personally, not having changed my views about Communism or past history in any respect, I have from the beginning preferred the Soviet proposals to either the British or French alternatives. They are simple, they are logical and they conform to the main groupings of common interest. The influence of Turkey is highly beneficial and credit is due to Mr. Chamberlain for having begun to pave the way a year ago to the Anglo-Turkish Alliance. Turkey will be a strong and skilful interpreter of the Western Powers to Soviet Russia.

All who study the strategic aspect of the new Peace Bloc, or Grand Alliance must rejoice to see how far stronger our position has become in the South-East of Europe than it was in 1914.

Nor should there be any serious difficulty in guaranteeing the Baltic States and Finland. The Russian claim that these should be included in the triple guarantee is well-founded. There is no sense in having a crack in the peace diving-bell.

The Baltic States
People say, "What if they do not wish to be guaranteed?" It is certain, however, that if Lithuania, Latvia, and Estonia were invaded by the Nazis or subverted to the Nazi system by propaganda and intrigue from within, the whole of Europe would be dragged into war. The independence of the Baltic States is of the highest consequence to Poland. The closest relations, political and military, have been established between them, severally and jointly, and Poland, if their independence or integrity is compromised by Nazism, Poland must fight. Great Britain and France must fight. Russia must fight. Why not then concert in good time, publicly and courageously, the measures which may render such a fight unnecessary?

Everyone is hoping, therefore, that the great step towards peace-preservation will be taken during the coming week.

We often hear the clever-foolish question, "How can Britain and France succour the Baltic States; or indeed Poland and Rumania, to whom guarantees already have been given?" The answer is that if enough Nazi forces are held upon the Western Front, the States who are attacked in the East may be able to maintain themselves triumphantly.

The whole possibility of establishing an effective Eastern Front depends upon the military strength of France and Britain in the West, and upon the cordial aid of a friendly Russia in the East.

It is this prospect of a major war on both fronts, and of challenging to mortal combat so large a proportion of the population of the world, including its greatest States, that constitutes the best deterrent against further aggression. Of course, no one can pierce the 'dread-mysteries of the future, and none can descry through its fog how the ponderous balances will tilt.

But it is by no means so hard to see in what direction the best chances of safety lie. We may be sure that this Triple Alliance, which offers guarantees to all imperilled countries that will make a sturdy contribution to their own

defence, is the most practical and prudent policy open to us in the pass to which European affairs have now come.

In making these sombre appreciations it is necessary to repeat again what the rulers of Germany know full well, that they themselves run no risks of being encircled for the purposes of attack. The alliances and combinations which their neighbours have been forced to make are purely defensive, and would break into fragments if they were used for purposes of aggression.

It is always open to Germany to seek whatever reassurances she may require from her neighbours that they will not molest her in any way. Self-preservation has alone led them to combine, and Germany by a fair and peaceful way of living can easily in the passage of years remove the alarms which have made so large a confederation necessary.

12,000 Navy Men Are Called Up

LONDON, July 14 (By Air Mail)—Great importance is attached at Westminster to the decision to call up an extra 12,000 retired navy officers, reservists and pensioners for special training.

The King will review vessels of the Reserve Fleet, 130 or more, in Weymouth Bay on August 9.

After the review the ships will leave to "work up" before the combined Fleet and Air exercises which are to take place in August and September. They will be the most extensive exercises to have taken place in peace time.

Report on July 31
Mr. Chamberlain explained in the House of Commons yesterday that to obtain fullest possible advantage from combined Fleet and Air exercises and thereby advance the degree of efficiency of the Fleet, arrangements were being made under which ships now in reserve would take part in exercises for which vessels of the Home Fleet had been detailed. "Retired officers, reservists and pensioners will be called up under the Reserve and Auxiliary Forces Act, 1939, and individual summons will be sent to each one affected. They will join their depots on July 31," he continued.

RETALIATORY ARREST

M.P.'s Proposal In Commons

LONDON, July 13 (By Air Mail)—Retaliatory arrest of Japanese in Britain was suggested in the House of Commons on July 12 when questions were asked regarding the arrest by the Japanese of Lieut.-Colonel C. R. Spear, British Military Attache in China.

Reports from Tokyo yesterday stated that no details were available of the charges under which Colonel Spear is to be tried by a special Japanese court-martial.

The British Ambassador in Tokyo was trying to find out whether the report of the court-martial represented the official view of the Japanese Government, said Mr. R. A. Butler, Under-Secretary for Foreign Affairs, in the House yesterday.

The Ambassador was continuing his efforts to obtain Colonel Spear's release.

Mr. Shinwell (Lab.—Seaham Harbour)—Why cannot we arrest one of the Japanese representatives in this country. Mr. Arthur Henderson—Is it not quite contrary to accepted rules with regard to diplomatic immunity that this military attache should even be held under arrest by the Japanese?

Mr. Butler—I think, in general, that may be taken to be the case.

FASCIST DRIVE IN SOUTH AMERICA

U.S. 'DEFEAT' AT LIMA

How far is South America committed to a pro-Totalitarian policy, if another world war takes place? The question is asked and answered, with facts and figures, by Mr. Carleton Beals, the American publicist, in "The Coming Struggle for Latin America," (Cape, 10s 6d).

He points out that trade connections of Great Britain and the United States with the South American States are steadily weakening before the onslaught of German, Italian and Japanese "drives" during the past few years. In his view, the Lima Conference, conducted "in a setting of espionage, censorship and terrorism," was "little more than a New World Munich."

The United States' plan for presenting a united front against aggression in Europe was defeated, he declares, by a speech of Senator Jose Maria Cantillo, the Argentine Foreign Minister.

Many of the South American States extolled as democracies by President Roosevelt are actually, in Mr. Beals' view, authoritarian States as ruthless and as bloodthirsty as any that Europe can show. In particular, he cites the Peruvian regime of President Oscar Benavides, under which the very delegates to the conference at Lima were protected by a blackshirt secret police organised by the Italians.

"America's Mistake"
America's mistake, in Mr. Beals' view, has been in seeking the alliance of dictators and semi-dictators, rather than fostering a genuine democratic spirit among the Latin-American peoples. He accuses the United States of promoting belligerence among the South American republics to sell armaments to them.

Apart from the ideological sympathies which many of the Latin-American States share with Hitler and Mussolini, the trade progress made by the totalitarian nations in the past few years, and the spate of totalitarian propaganda by radio, according to the author, have further jeopardised the United States' hold on the southern continent.

In nearly every South American republic, German trade has advanced rapidly, usually on barter principles. It exceeds that of Great Britain in Ecuador, Peru, Venezuela, Chile, Colombia and Brazil.

Mr. Carleton Beals concludes that the "good neighbour" policy of the United States is a cloak for power politics, and that it has failed to achieve its objects. The totalitarian Powers of Europe, he declares, are rapidly gaining strength in South America where they would constitute, in time of war, a serious menace to the democracies.

£8,600,000 SHARES DROP TO £381,000

LONDON STOCK EXCHANGE BANS DEALINGS IN EIGHT AUSTRALIAN GOLD MINES

One of the biggest financial sensations for many years swept the City on July 12, when the London Stock Exchange Committee banned any further dealings in the shares of eight Australian gold mine companies.

The decision affects nearly 30,000 people all over the British Isles. It means that their shares, valued in 1935 at £8,608,511, are now officially unsaleable.

All the companies are members of a group of which Mr. Claude Albo de Bernales, six-foot millionaire in the sixties, is chairman or managing director.

"I am not concerned so much for myself," said Mr. de Bernales, "but for the shareholders, who have shown their faith in Western Australian gold mines by investing in my companies."

Reduced To 2/6
The trouble first arose when Commonwealth Mining and Finance, a holding company in the

group, applied to the Stock Exchange for permission to deal in its shares, which were recently reduced from a nominal value of 5s. to 2s. 6d.

The sub-committee who deal with such applications rejected the request, but allowed the company to appeal to the full committee.

This met on July 12. The directors of the company submitted a long memorandum setting out its history and its various subsidiaries, and dealing with points raised by the sub-committee.

No Reason Given

Not only was this appeal rejected, without any reason being given, but the committee also announced that, in future dealings will not be allowed in Anglo-Australian Gold, Beryl Gold Corporation, Meekatharra Gold, North Kalgoorlie United, Murchison Gold, Southern Cross and Great Boulder Mining.

There is no appeal against the decision. Unfortunate shareholders are left with stock which in 1935 they could have sold out at huge profits.

Despite the difficulties by which the motor trade has been beset in recent months, sales of Standard cars represent a considerable increase over those of the preceding year and are, in fact, at a new high record in the history of the company. Although each model has participated in this increase the greatest contribution has been made by the 8 h.p. models, which were instantaneously successful on their introduction and have been selling in large volume.

It is clear that the combination of economy of running and high performance, which was the basic idea behind the planning of the 1939 "Budget" cars, has had a wide public appeal at a time when the question of expense has been a very decisive factor in the purchase of a car.

SHARE MARKET
REVIEW

HONGKONG SHAREBROKERS'

ASSOCIATION

Hongkong July 28.

A very quiet market has been
experienced during the week. In
spite of very little business having
been transacted the undertone has
remained steady. Price levels on
the whole have been well main-
tained. Outport selling orders,
however, tended to lower the price
of Electric, Lands and Star Ferries.
Most shares offering have
been absorbed without appreciable
losses. Electric had buyers at
\$53½, down 75 cents and Lands
could be obtained at \$35 with
buyers at \$34½, also down 75 cents.
Star Ferries were offering at \$44
without attracting buyers. HK
Banks continued in steady demand
with sales reported at \$1329 down
to \$1329. Union Ins. shares were
again easier with sales at \$395.
Trams have remained steady with
buyers at \$16.50. HK Docks were
wanted at \$16½. China Lights (O)
at \$7.90 and Providents at \$4.30.
The following interim dividends
have been announced:—Trams 50
cents (payable 18 Aug), Electric
\$1 (payable 7 Sept), Star Ferries
\$2 (payable Aug. 17) and Lands
\$1.25 (payable 18 Aug).

Gold mining stocks have shown
a slow but steady advance
throughout the week. Profit taking
at the close, however, resulted in
a slight easing of price levels.
Antamoks advanced 4½ cts to 25½
cts. Benguet Consolidated im-
proved to \$25½, up 2½ cts. United
Faracale gained 4 cts to 45 cts
and Suyocs 2½ cts to 15½ cts.
Coco Grove improved 1½ cts to 26
cts.

WANTS EMPIRE
TRADE BOARD
OF DIRECTORS

LONDON, July 19—(By Air Mail)

—Mr. Sydney Jacobs, of New
Zealand, suggested at the Con-
gress of British Empire Chambers
of Commerce that a permanent
Imperial Trade Council, to sit in
London and to consist of representa-
tives of Britain, the Dominions and
Colonies, should be set up.

The business of the British
Empire, he said, is large
enough to require a board of
directors sitting constantly in
London. They might not
have plenary powers at the
start, but their scope would be
gradually developed.

Mr. Charles Henry Luke, of Lon-
don, said that it would be a good
thing if the City could be induced
to consider in a more friendly way
the expenditure of money on, or
lending of money to, the Domini-
ons and Colonies, rather than to
bring about the position by which
we have lent \$300,000,000 to
foreign countries.

He agreed that the promotion of
international trade was necessary,
but he could not see that Germans,
Italians or anybody else could
object to our friends in the
Dominions and Colonies preferring
to buy from their own Mother
Country.

China's Trade
BalanceIMPORTS & EXPORTS
FOR HALF YEAR

CHUNGKING, July 29 (Central).
—China's international trade dur-
ing the first half of 1939 (January-
June) showed an adverse balance
of \$319,224,775, according to returns
just released by the Inspectorate
General of Customs, states a report
from Shanghai.

The total import for the period
amounted to \$730,684,993, while the
total export for the six months was
\$411,460,218, showing as against the
figures for the same period of last
year increases of \$378,374,068 and
\$83,854,232 respectively.

Shanghai and Tientsin headed
all other ports in the volume of
both imports and exports.

The fact that excess of imports
over exports was only registered
in "occupied" ports shows good re-
sults are being achieved by the
Government in controlling the
nation's foreign trade.

GOLD HOLDINGS
IN U.S.

WASHINGTON, July 29 (Reuter)

—The balance sheet of the United
States Stabilisation Fund at March
31, as published by the Treasury,
shows direct gold holdings in the
fund's active portion of \$154,173,-
000.

This indicates an increase for
the first quarter of \$73,762,000 and
reflects the heavy currency sup-
porting activities during the March
crisis.

The balance sheet indicates that
the Fund since its creation, shows
a profit of \$17,524,000.

H.K. Assets
On Increase

The Colony's credit balance is
again on the increase, according to
the "Government Gazette." Follow-
ing slight decline in May or the
balance of assets over liabilities,
the balance during June increased
from \$16,178,561.25 to \$16,243,596.87.
The net credit balance for the
month amounted to \$18,036.63, in-
come totalling \$2,944,033.06 and ex-
penditure \$2,925,997.43.

One interesting feature of the
month's revenue was the increase
in land sales over those for the
same month last year.

This June they amounted to
\$203,117, as compared with \$115,-
759, and the aggregate for the year
up to June 30 was \$1,451,081, as
against \$410,979 in 1938. However,
it must be remembered that this
year's figure includes \$839,704
transferred from the Government
House and City Development Fund.
Despite this, however, there is an
increase of \$200,000 on land sales
for the year to date.

REVENUE INCREASE

Revenue for the first half of 1939
amounted to \$30,453,442, as com-
pared with \$18,027,842 for the cor-
responding period last year. Re-
venue up to June 30 amounted to
nearly 60 per cent of the estimat-
ed revenue for the whole year.

During June there were substan-
tial increases in duties from \$566,-
738 to \$873,389, while licences and
internal revenue yielded an extra
\$100,000, being \$948,295 during the
month.

The Post Office was down from
\$305,717 to \$277,560 and the Kow-
loon-Canton Railway decreased
from \$169,512 in 1928 to \$42,377 last
month.

The Colony's gratifying increase
in revenue during June was some-
what offset by an advance in ex-
penditure, being \$2,925,997.43 com-
pared with \$2,551,509.46 a year ago.
The total expenditure for the
first half of 1939 was \$17,772,080
as against \$16,755,470, an increase of
\$1,016,610.

Charitable service for June cost
\$83,218 as compared with \$46,024,
and total defence services, includ-
ing the Volunteers, the Naval Vol-
unteers, A.R.P., and Military Con-
tribution, amounted to \$538,788 as
compared with \$453,042 in 1938.

Harbour department expenses in-
creased for the month from \$85,-
770 to \$114,108, and the police force
during June cost \$307,250 as com-
pared with \$263,848 a year ago.
Post office expenses, advanced
from \$69,187 in June last year to
\$94,419 this year.

Australia & New Zealand

lands of Sunshine and Romance. "Down Under" you will feel a new being and even if you are not inclined towards Buring, Fishing, Shooting or Horse-racing you will find that the Aussies have plenty to offer you. —including 241 for your pound.

On the way down your life aboard will be as you wish, quiet or hectic for the B. & A. will humour your every whim.

And by the way, there is no additional charge for Deck Cabins and there is of course a Sun Deck swimming pool, an Orchestra and a fine Laundry.

A Surgeon and Stewards are at your disposal and last but not least—we had almost forgotten—the cuisine will set you listening eagerly for the Gong.

BEER BARONS RETAIN UNDEFEATED RECORD

BY "PILAT"

Though the Union Brewers had already clinched the pennant, interest was not lacking when they took the field yesterday morning to cross-bats with Recreio; for main interest was whether the Beer Barons could keep their manager's, Chet Bennett, word of going through the whole league season with nary a defeat.

LO TAK KUEN CUP RESULTS

Five matches in the Lo Tak Kuen Cup Small Ball League were played yesterday on the Southern Playground, Wanchai. The results were:—

The League is organized by the China Amateur Miniature Football Federation (Hongkong Branch).
On Wednesday, Tsimshatsui will contest Tin Sing at 5.30 p.m., also at the Southern Playground.

Labour Seat Retained At By-Election

MAJORITY SHOWS INCREASE

LONDON, July 29 (BWS).—The anti-Chamberlain trend among the electorate was again in evidence yesterday when Labour retained the Colne Valley (Yorkshire) seat in a by-election.
The actual Labour majority increased by 4,270 over the last election; the Liberal vote slumped by 3,768 and the Conservative vote declined by 1,905.
Polling yesterday resulted as follows:—
Mr. W. G. Hall (Lab) 17,277
Mr. E. L. Mallalieu (L) 9,228
Mr. C. F. Pike (C) 9,012
Labour Majority 8,049
Previous Result

EMPIRE LONG-DISTANCE FLIGHTS

LONDON, July 29 (Reuter).—A time when the Royal Air Force long-distance exercises will extend not only to Europe, but cover the whole of the Empire, was envisaged by Capt. H. Balfour, Under-Secretary for Air, who was deputising for Sir Kingsley Wood, the Air Minister, at a luncheon by the Belfast Harbour Board.
Capt. Balfour said that the exercises over France had given a tremendous demonstration of the strength and efficiency of the Air Force.
"If we could do that 21 years after the war, what should we be doing 21 years from now," he declared.
Capt. Balfour said that he believed that they would be doing long-distance exercises right throughout the Empire.

BALLOON BARRAGE
LONDON, July 29 (BWS).—About 100 barrage balloons were floating over London yesterday when an intensive exercise which will be continued day and night for a week began.
During these exercises the crews engaged will not be required to put balloons up to a height at which they would fly in wartime.
Yesterday the height limit was 2,000 feet and this was diminished by 500 feet after dark.
Eventually 10 squadrons of the London balloon barrage may be required to operate their balloons at heights up to 15,000 feet or more.

RARE HISTORIC FIND

LONDON, July 29 (Reuter).—Rare, historic Anglo-Saxon relics have been found near Ipswich. Relics dating from 600 B.C. were discovered in the ship grave of an Anglo-Saxon chief, who was buried in a galley.
This was the biggest ship grave found in Britain. A smaller grave of this type was found two miles away from the present discovery.

GUERRILLAS DAMAGE RAILWAYS

SHANGHAI-NANKING TRACK BLOWN UP

SHANGHAI, July 29 (Reuter). Traffic on the Shanghai-Nanking Railway was disrupted as a result of an attack by guerrillas between 7 and 8 o'clock this morning at a point 160 miles west of Shanghai, between Chanchow and Wushih.

News of the attack was announced by the Japanese army spokesman at the press conference this afternoon.

Train Derailed
The spokesman said that a band of about 400 Chinese guerrillas attacked the railway and blew up the rails with dynamite, causing derailment of a locomotive and eight cars of the local Chanchow-Wushih train, which was packed with freight and passengers.

The spokesman said he had no information as to casualties.

Guerrillas Active
CHUNGKING, July 30 (Central). Chinese guerrillas occupied Hwangtu station on the Nanking-Shanghai Railway, 14 and half miles west of Shanghai, on July 27 and disarmed more than thirty Japanese guards, according to a Shanghai dispatch.

After wrecking a large section of the railway, they withdrew, taking the disarmed Japanese guards along as captives.

Large units of guerrillas arrived on the same day at Sungkiang, on the Shanghai-Hangchow Railway, 22 miles southwest of Shanghai, where they engaged in heavy fighting with the Japanese garrison.

ESPIONAGE CHARGES IN FRANCE

PUBLIC FEELING ROUSED

PARIS, July 29 (Reuter).—M. Amoureux, shorthand writer to the Senate Army Commission, has been arrested on a charge of revealing secret documents concerning national defence.

The depth of public feeling over alleged espionage was proved in connexion with the trial of Lucien Sampaix, manager of the Communist newspaper "Humanite".
Sampaix was charged with contravening the decree law forbidding the disclosure of information concerning cases of espionage.

Extra Police
Numerous extra police were massed outside the court to prevent demonstrations.
"Leftist circles particularly expressed perturbation lest the Government stifle publicity on matters connected with the recent arrests," Sampaix was acquitted.

FLOOD DANGER IN N. CHINA

(Continued from Page 1)

River, in Central Hupeh, the highway running between Tiensin and Yokow is lying under water three feet deep.

Tienkiang, on the Han River, about 95 miles above Hankow, is threatened by flood.
Taking advantage of the flood, Chinese guerrillas in Central Hupeh are becoming increasingly active. A fleet of Japanese lorries, loaded with military supplies, was attacked at Wamlaotai, on the Hankow-Ichang highway, a few days ago. Over ten lorries were wrecked and a number of Japanese guards were killed.

PEIPING HOUSES COLLAPSE

CHUNGKING, July 30 (Central).—More than 200 flimsy houses in the slum district outside Matamen Gate in Peiping have collapsed as a result of the torrential rain during the last two days, according to a Peiping report.
The dyke along the Yungting River at the Marco Polo Bridge, where the Sino-Japanese hostilities started, has collapsed. The bridge is practically submerged.
A section of the railway track near the Marco Polo Bridge has been washed away.
